

## ***Member Testimonial***

*Jeanette Kline*

*"I have been a member at the Club for three years. The Club has added so much to my life. My daughter drives 2 hours once a week from Ohio and takes me to my yoga class. Janelle and Joe are wonderful instructors and the class has improved my overall body movement. Their ability to give self attention and know my personal health issues in a class setting has made me feel special and important. I am very pleased and thankful that the Club Sport and Health has been generous enough to allow access to their fabulous facility and programs to the Silver Sneaker members."*
